

BROWN'S DUCK CAMP

1987 & 1988 HUNTS

These hunts are representative of my yearly November three day, four man trips to Brown's Duck Camp. Duck hunting was done on a private 700 acre marsh along the shore of Lake Erie. I was a club member from 1977 - 2010. Our group's long term success average was 112K and my personal shooting harvest rate was 90%.

"GREAT GREENHEAD GUNNING"

1990 RONNIE DUCK HUNT

Mild 80-90 degree sunny weather for duck season opener on October 5 & 6th 1990. Selective greenhead shooting with once in a lifetime quadruple drake mallard shot from a decoying flock by John and Mike. Great hunt with our friends Ron and Mario. Overall results of 40K ducks & 2 crows.

1993 RONNIE DUCK HUNT

Nice three day hunt on October 29-30-31, 1993, with good decoying Friday but weather changed to snow on Sunday and wind switch from W to NE. We used 10 ga. and pass shooting to get limits. Overall 36K, mostly mallards with some teal and blacks. Two mallard bands recovered.

1994 RONNIE DUCK HUNT

Great October greenhead gunning over big decoy spread including swimming "Robo Ducks". John Manganello shot the last duck of the hunt and it was the largest, most mature greenhead ever seen by Ronnie and his wife Roxie. It will forever be known as "Roxie's Duck".

1989 RICE LAKE DUCK HUNT

A very enjoyable trip in mild sunny weather. Hunts involved pothole shooting and open water shooting on private 400 acre marsh. Everybody had lots of fun on this September duck opener resulting in 18K and 1 goose.
